

Glue all parts together.

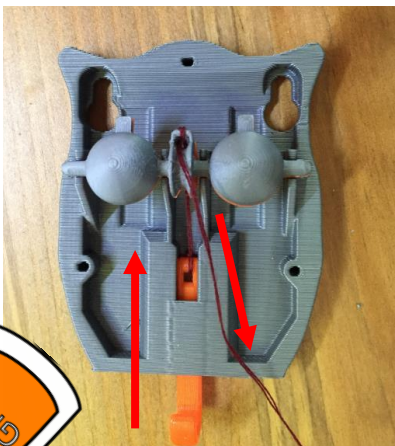

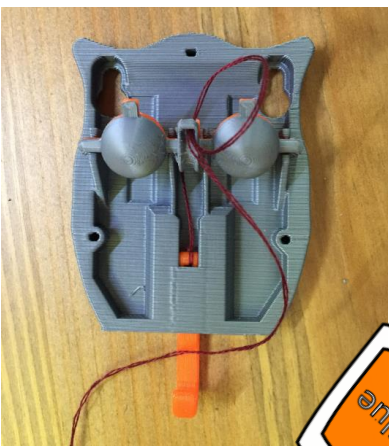

Take about 30 cm of sewing thread, fold it in half and tie a knot.

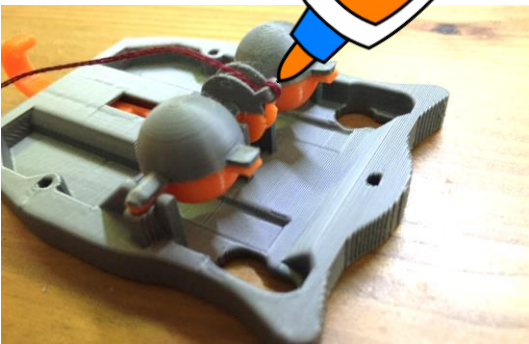

Attach the slicer with a cow hitch

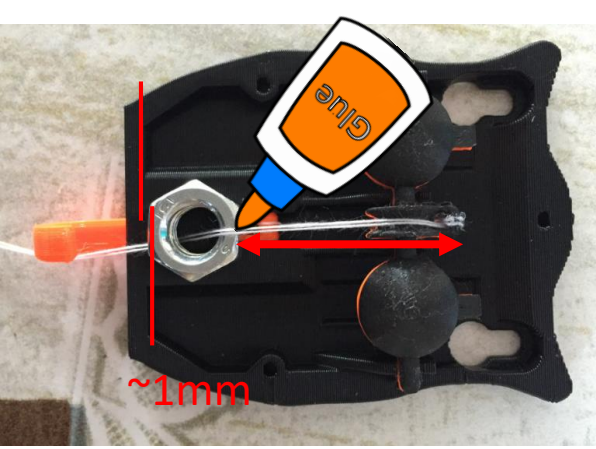

Note that the sewing thread is behind and the eyes are horizontal

Pass the sewing thread again to form a loop. Stretch moderately.

Put a dot of glue to block the thread.

Put an M8 nut and glue the sewing thread as in the photo. (at approximately 2.4cm). There should be a small gap (1mm) between the bottom of the nut and the bottom of the body.

Stretch moderately and block the sewing thread with glue

Make 2 overhand Knot and cut the sewing thread

Put the back of the owl body and fix it with 3 small screws
